

## 64 BOY SCOUTS GOING TO CAMP SATURDAY

Saturday at 2 p.m. 64 Boy Scouts will arrive at Camp Kai Kima, three miles from Hardy, Ark. They will spend Saturday afternoon, Sunday and Monday preparing the camp, and a camp fire will be lighted. Monday evening with appropriate entertainment. This summer the program will deal mostly with the Indians, their games and their mode of tracking and signaling. A new camp pole is to be erected by the scouts with Indian ceremonies Thursday night at a camp fire meeting.

Seven scouts have been selected as leaders, which corresponds to corporal in the army. It is announced that absolutely no guns will be permitted in the camp, but several boys have expressed their intention to make a set of bow and arrows, a good set of which in the hands of one who knows how to use it is said to equal a .22 rifle, both in distance and accuracy.

Bread for one meal a day is the only food the camp cooks will not make. All meat and vegetables are produced on the camp's farm, and blueberries and cornbread will form a part of the food prepared at camp. Three expert negro cooks have been procured and are in camp now. Medical examinations are required of scouts desiring to attend but to date none have been rejected. The only grounds for rejection is a communicable disease. No candy or cake will be allowed to be taken from home, and 50 cents a week is all the spending money allowed.

All camp fires will be lighted by the scout who wins the honor, first and steel being used. Scouts will make squirrel and bird cages, and be given to the city to place in Court square.

## Don't Spoil Your Hair

By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multisift coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few cones will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful of all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. See adv.

## SHIPPING TOMATOES IN CARLOAD LOTS

**CRYSTAL SPRINGS, Miss.** June 11. (Sp.)—Truck growers are beginning to market their tomato crop in car lots and prices are such as to make the farmer smile with satisfaction. Sing Evans, a veteran at truck growing, shipped 150 crates of tomatoes last week which netted him after all expenses had been deducted the tidy sum of \$452.77. Saturday 14 solid carloads were shipped out and sold. Wednesday morning were to the effect that the 11 carloads had netted the farmers around \$30,000. A change, which have been on the decline for several days, stiffened in prices Tuesday and cloud steady Wednesday, thereby making the balance of the crop a money-maker for those farmers who still have the vegetable and many of the fields are still green with them. This has been a sunny week in contrast to the continued rains of last week and with a continuance of this weather the tomatoes will ripen rapidly and increase in yield. The crop is admittedly short, but it is believed that the returns at prevailing prices of around \$2.50 per crate that the money crop at the close of the season will put the growers on "easy street."
